Appendix E Owner's NOI/SWPPP Certification Form

Attachment D

National Pollutant Discharge Elimination System (NPDES) is the portion of the Clean Water Act that applies to protection of receiving waters. Construction activity that will disturb a ground surface area of 5 acres or more (about 220,000 square feet or 2.02 hectares), or if the project results in the disturbance of less than 5 acres of soil but is part of a larger common plan of development or site that exceeds 5 acres, is subject to requirements of the California General Permit for Storm Water Discharges Associated with Construction Activity (Permit No. CAS004001) under the NPDES Program. A Notice of Intent (NOI) is required to be filed with the SWRCB and a Storm Water Pollution Prevention Plan (SWPPP) is required to be prepared and implemented. Proof of a Waste Discharger Identification (WDID) Number is required as proof that the NOI and SWPPP were submitted to SWRCB.
